

The Water Lily Pond Aug/Sept 2020 Mystery Sock Part 4

by Becky Greene

Continue to work as established, using Part 4 chart. That is, continue to work any K stitches at the beginning and end of instep if required. Repeat chart as necessary until foot measures 1.75 (2, 2, 2.5) inches short of desired foot length, ending after round 8 or 12.

Before starting the toe, **for 64 st size**, move the first two and last two stitches of the instep to the sole stitches so that there are 32 sts each for sole and instep.

TOE:

Rnd 1: *k1, ssk, k to last 3 instep sts, k2tog, k1*; rep for sole.

Rnd 2: k

Rep rnds 1 and 2 until there are 10(12,16,20) sts rem for each of instep and sole.

Kitchener together.
